

# Abhay Tukaram kondalkar

Software Test Engineer | Manual & Automation Testing | Selenium, Java, API, SQL

✉ abhaykondalkar10@gmail.com ☎ 9172016216 ⌂ Kharadi, Pune in Abhay Kondalkar

## PROFESSIONAL SUMMARY

Software Test Engineer with 3 years of experience in Manual and Automation Testing. Skilled in Selenium WebDriver (Java), TestNG, Cucumber (BDD), Postman (API Testing), and SQL for data validation. Hands-on experience in designing and maintaining POM and Data-Driven frameworks, and executing Functional, Regression, UI, and API testing. Strong understanding of SDLC, STLC, and Agile (Scrum) methodologies. Experienced in defect tracking and collaboration using JIRA, ensuring high-quality, stable releases.

## MEASURABLE ACHIEVEMENTS

### Software Test Engineer (Manual & Automation)

On Direct Marketing Services | Pune

02/2023 – Present

Pune

- Tested CRM modules (Admin, Developer, Tester) across internal projects including Circle of Crust (COC), WayMedia, and Villas by Noor, using well-defined test cases and scenarios.
- Applied Page Object Model (POM) and Data-Driven testing concepts to improve test reusability and reduce maintenance effort.
- Performed Functional, Regression, and UI testing across Chrome, Firefox, and Edge, ensuring full coverage of critical workflows.
- Conducted Manual API testing using Postman, validating endpoints, response status codes, and payload data.
- Executed Cross-Browser Compatibility testing and UI validations to ensure a consistent user experience.
- Logged and tracked defects using JIRA, contributing to a 20% improvement in issue turnaround time through effective collaboration with developers.
- Actively participated in Agile ceremonies including Daily Stand-ups, Sprint Planning, and Retrospectives.
- Prepared Test Summary Reports and maintained comprehensive test documentation for transparency and traceability.
